

UC SANTA BARBARA

Individualized Professional Skills Program

The IPS Program is back!

Now accepting applications for travel/experience dates from September 1, 2019, through August 31, 2020. Grants awarded on a rolling basis and as funding sources permit.

What is the IPS Program?

Awards up to \$1000 for eligible grad students and postdocs to individually tailor their career paths through outside professional development opportunities, including but not limited to:

- Attending workshops, industry trade shows, trainings, certificate programs, and other professional events
- Visits to potential industries and companies
- Visits to job shadow potential mentors
- Career-focused professional organization events

For more info and to apply:

gradpost.ucsb.edu/ips-program

The IPS Program is a collaboration between the Professional Development Series (PDS) at the Center for Science and Engineering Partnerships, the Graduate Division, the UCSB Innovation and Entrepreneurship initiative and CNSI Technology Incubator, Career Services, UCSB's divisional deans, and external donors.
