

ACADEMIC CAREERS AT COMMUNITY COLLEGES

There are currently more than 1,200 two-year institutions in the U.S., making them a good option for people with geographical constraints

Community colleges account for over 40% of higher education in the U.S.

Most two-year colleges are eager to attract highly qualified PhDs

Join our info session to find out more and get your questions answered by our panel of experts!

WED FEB 6

2-4 pm

**SRB Multipurpose
Room**
