

Call for Mentors

2022 Research Mentorship Program (RMP)

Join our program as a mentor

and help create an academically inspiring summer for our next generation of researchers.

RMP is a highly competitive, six-week summer program that engages talented high school students from all over the world in interdisciplinary and hands-on research. Our students are bright, motivated, and possess the desirable technical and analytical skills to successfully undertake university-level research.

RMP will be back on campus in summer 2022!

Research Disciplines

All dynamic research projects in the Sciences, Engineering, Humanities, and Social Sciences will be considered.

Program Dates

June 20 – July 29, 2022

Mentor Stipend

\$1,050 per student mentored.

Mentor Eligibility

Graduate Student, Postdoc, Staff Researcher, or Faculty.
